

HANNAH EALES

Written Profile re nomination for ARDL Committee

I am an experienced regulatory lawyer and have acted both for regulatory bodies and represented those who appear before them. This includes appearing before the HCPC, GOC, NMC, NCTL, EWC, SIA and others. My cases are often high profile and include for example acting for the NMC in the multi-handed hearing relating to the Mid Staffordshire inquiry.

My range of practice enables me to commit to representing the interests of all members and to contribute to the regulatory agenda. I have worked with the ARDL committee over the last few months helping to organise the ARDL dinner.
