

LEIGH LINTON

Written Profile re nomination for ARDL Committee

I am a Partner at Carson McDowell LLP Solicitors, Belfast, heading the Regulatory and Professional Discipline Team, specialising in defending healthcare practitioners. I represent clients before a range of regulatory bodies, including the GMC, GDC, NMC and Pharmaceutical Society of Northern Ireland. I am a Council Member of the Northern Ireland Medico-Legal Society. This background would enable me to positively contribute to identifying and addressing topical issues impacting on regulatory practitioners, particularly from the perspective of regionally based and defendant firms. I consider I could contribute to promoting ARDL's profile, and good regulatory practice, locally and nationally.
