

RACHEL BIRKS

Written Profile re nomination for ARDL Committee

I am a Partner in Ward Hadaway's Manchester office and am a Solicitor-Advocate. I have specialised in regulatory law since starting in-house at the GMC in 2003. I now work for both the regulator and those who are regulated. My experience is broad, spanning the regulation of healthcare, social care, childcare and the legal professions. If elected I would be keen to be as involved as possible focusing on:

1. Developing the programme of what ARDL offers outside of London;
2. Working with ARDL to develop its in-house membership so that is truly reflective of UK regulatory practice.
